About Me

Hi I'm Aron, a Frontend Developer with over 10 years of agency experience building pixel perfect, user friendly websites. I'm committed to delivering clean, maintainable code, and with my keen eye for detail and deep understanding of web technologies I help bring designs to life.

Experience

They Integrated Inc.   **(2014 July to 2025)**
Frontend Developer

Built custom Wordpress and Shopify sites for clients ranging from small local business to international organizations.

They Integrated Inc.   **(2014 May to June)**
Intern

Helped with basic site edits, coded email newsletters, and learned the Frontend tech stack used on site builds.

Education

Sheridan College   **(2013 to 2014)**
Certificate, Web Design

Learned design concepts, Frontend coding skills, and designed and launched multiple static websites.

McMaster University   **(2008 to 2012)**
Bachelor of Arts (Hons.)

Majored in history, developed my writing, critical thinking, and presentation skills. I was introduced to coding while taking multimedia electives.

Skills

Adobe Suite

Photoshop, Illustrator

Languages

HTML, Liquid, PHP, SCSS, JS

Dev Tools

Beanstalk, Bitbucket, Foundation, Github, Sublime Text, Tower

CMS

Wordpress, Shopify, ExpressionEngine
